Girls without Limits – Leaders of the Future

#NoLimitsGirlsClub

Why?

- Across the world and across all **sectors women's leadership continues to be underrepresented**. Statistics about women in leadership roles in the United States and in the world prove that there is a lack of women leaders in the workplace. In 2019, among Fortune 500 companies, **only 33 had female CEOs**.
- The Women in Business 2019 report shows that the number of female executives in Spain stands at 30%. This has improved in the past year but there is still much work to be done.

Only **30%**
of executives in
Spain are women

As a response to this we have created Inspiring Girls American Space Club...

What is it?

Inspiring Girls American Space Club is an interdisciplinary training program aimed at girls aged 15 to 20 who, through monthly sessions, will have the opportunity to **cultivate their leadership skills**. During the program participants will learn by doing, using the Project-Based Learning methodology. By the end of the project, they will have developed their own elevator pitch, focused on their personal branding. Inspiring Girls American Space Club is **the perfect way to discover and develop one's leadership potential**.

Madrid | Barcelona | Valencia

What does it consist of?

- The program consists of **five sessions** centered on all sorts of **leadership skills**. The content will cover such important topics as **emotional intelligence, developing your own leadership style, financial independence, negotiations and much more**. All this taught with technology at heart, emphasizing its essential role in today's world.
- By participating in the program **you automatically become a member of the Inspiring Girls Club** for the duration of five sessions, free of charge.
- In addition, we offer one scholarship for **a week at the Women2Women International Leadership Program in Boston!** Details about how to win this incredible opportunity will be provided during the course.

Where?

The program will take place in **American Spaces** in three cities:
Madrid, Barcelona and Valencia.
